ASTRANA CARE
PCP CLINICS AND
IPA NETWORK

FEBRUARY 2025

Why Astrana? Because brokers deserve to retain their clients.

Streamline Support for Your Clients and Grow Your Business

- At Astrana, we're committed to supporting our broker partners by reducing administrative tasks and enhancing the patient experience. We document the **agent of record directly in the patient's chart**, so if they have questions about their health plan or benefits, we can direct them back to you.
- When you refer a newly enrolled member to us, we take care of **scheduling their first appointment**, introducing them to our Medicare Advantage transportation benefit, and ensuring their agent of record is noted. This helps you focus on what matters most—building relationships and growing your book of business.
- To provide seamless support, our dedicated Broker Support Coordinators are available to answer any questions you or your clients may have. Additionally, our specialized **broker support email** connects you with our expert team, ready to assist with your needs.
- As your partner, we also connect patients with brokers they can trust when they are preparing to transition to Medicare at age 65. Together, we can ensure patients receive the guidance they need while helping you expand your client base.

Let Astrana be your partner in success.

Your Recommendation Matters

The primary care provider you recommend plays a critical role in your client's healthcare journey—and in maintaining their trust in you as their broker. At Astrana, we understand the importance of this relationship. That's why we are **committed** to providing exceptional care, outstanding customer service, and seamless access for your clients.

Accepted Medicare Advantage Plans and Networks

	Health Plan Direct Network	Astrana Care Partners IPA Network	Centerwell IPA Network	Optum IPA Network
				
				
				
				
				
				
				
				
				

*A "direct network" in Medicare refers to a group of providers participating in a "Direct Contracting" model, where they directly contract with the health plans and they're network of PCPs and specialists to provide care to their beneficiaries. Contact the health plan specifically to find out more about specialist groups in network.

**IPA in healthcare is a network of independent physician practices that contract with different health plan companies to negotiate business ventures, creating a HMO network with specified specialists and PCPs in network.
